### **Getting Started Guide to Macro or Close Up Photography**

August 21st, 2014 - Close up photography or macro photography can be a very rewarding form of photographic expression The great thing about it is that you can do this from your basement at home if necessary Of course you can and should go outdoors too and setup shots in a forest or at the sea but you can also setup shots of everyday subjects and shoot them up close

### **The Comprehensive Guide To Macro Photography**

August 1st, 2011 - Since in macro photography the subject is very close to the lens you would need a lens that can move pretty far away from the sensor For the sake of this post Iâ€™ll just say that the nodal point is moving away from the lens
