The Political Power of Global Corporations International

December 17th, 2018 - Few would deny that global corporations are immensely influential They dominate markets and have profound influence over technology prosperity and the environment John Mikler s brilliant study of how they share political power with government provides a cogent and perceptive analysis

The Political Power of Global Corporations John Mikler

January 16th, 2019 - The Political Power of Global Corporations John Mikler on Amazon com **FREE** shipping on qualifying offers We have long been told that corporations rule the world their interests seemingly taking precedence over states and their citizens

The Political Power of Global Corporations IPSA

December 18th, 2018 - He also explains why we need to re territorialize global corporations as political actors that reflect and project the political power of the territories from which they hail We know the global corporations's names we know where they are headquartered and we know where they invest and operate

The Political Power of Global Corporations AIIA

April 29th, 2018 - Therefore the states where global corporations are headquartered bear responsibility for modifying or controlling their political power The rationale for global governance if powerful states find themselves unable or unwilling to govern their global corporations is not that the alternative is a world of neoliberal free markets but of

politically powerful global corporations that call the shots

The political power of global corporations Openforum

January 1st, 2019 - The first implication of conceiving global corporations as political rather than market actors is that the free market as a concept is largely defunct for understanding them This being the case neoliberalism is also an increasingly problematic theoretical lens through which to view their actions and interests

The Political Power of Global Corporations Progress in

June 21st, 2018 - In The Political Power of Global Corporations I seek to demonstrate why they should be seen as explicitly political actors with complex identities and strategies that should be more the focus of our analysis than is often the case
